OBJECTIVE

As a dedicated Chemical Engineering student with a strong foundation in problem-solving, I am passionate about connecting engineering principles with innovative software solutions. My exposure to coding and technology has created a deep interest in software development, and I want to expand my skills in full-stack development and data-driven solutions. By joining the A2SV community, I will grow my interdisciplinary knowledge to contribute to impactful projects, learn from experienced mentors in the tech industry, and collaborate with like-minded peers to solve real-world challenges at the intersection of engineering and technology. I am committed to continuous learning and I am excited about the opportunity to grow as a developer while contributing to the global tech ecosystem.

EDUCATION

ADDIS ABABA UNIVERSITY – ADDIS ABABA INSTITUTE OF TECHNOLOGY(AAiT)

Bachelor of Science in Chemical and Bio Engineering(SCBE)

- Graduation Year: 2028
- Relevant Coursework: – CS50's Introduction to Programming with Python
– Programming for Everybody (Getting Started with Python) Capstone: Retrieving, Processing, and Visualizing Data with Python.

TECHNICAL SKILLS

- **Programming languages:** python, JavaScript
- **Software/Tools:** VS code, Pycharm, Jupyter Notebooks
- **Web Development:** HTML/css/javascript
React.js
Node.js
MongoDB
Express.js
Git/GitHub

PROJECTS

Currently Learning and Working on my own projects.
Please visit my [GitHub](#) for additional Information

ADDITIONAL INFO

Languages

- English
- Amharic

Hobbies

- Problem-solving
- coding
- Reading

- strong interpersonal and communication skills

- Fast learner
- Hard working
- Motivated and dedicated

Member of:

- GDG AAU
- ESCE(Ethiopian Society of Chemical Engineers)
